

# Flexibility to fit your Assessment Program:

## Single Subject Administration of the Iowa Assessments™

Just as every student has different learning needs, each school or district has different needs for its assessment program.

The *Iowa Assessments* delivers the data you need in less time because of its efficient test design and powerful reporting. Now the *Iowa Assessments* offers you flexibility in tracking growth and proficiency throughout the school year by enabling the online administration of stand-alone single subject matter tests, in multiple forms. This provides added flexibility to meet various assessment program needs, such as:

- Single Subject – Monitor Student Learning in Reading, Math, or Science

Monitor student learning across the year in Reading, Math, or Science. Administering each subject area alone or in combination allows for measuring student achievement growth, pre- and post-testing for program evaluation, benchmarking progress made, or guiding instruction at key points in your curriculum scope and sequence.

Level	Subject & Domain	Administration Time (in minutes)	Questions
5	Reading	30	17
	Vocabulary	20	23
	Math	25	27
6	Reading	40	34
	Vocabulary	20	27
	Math	25	35
7 & 8	Reading (Parts 1 & 2)	45	35-38
	Vocabulary	15	26
	Math (Parts 1 & 2)	50	41-46
	Computation	20	25-32
	Science	25	29
9-14	Reading (Parts 1 & 2)	60	41-46
	Vocabulary	15	29-42
	Math (Parts 1 & 2)	60	50-75
	Computation	20	30
	Science	35	30-43
15-17/18	Reading	40	40
	Written Expression	40	54
	Vocabulary	15	40
	Math	40	40
	Computation	20	30

Students taking Reading & Vocabulary receive a Reading Total score.  
Students taking Math & Computation receive a Math Total score.
