The **Riverside Training Academy** offers flexible training options for districts of all sizes. The Riverside Training Academy (RTA) has two main components: On-Demand Trainings and Speak with a Specialist.

- **On-Demand Trainings** are brief learning modules that can be accessed 24/7. They can be used as initial training, refresher training prior to testing, and as facilitator guides for training your staff and ensuring content accuracy.
- **Speak with a Specialist** are 15-minute conversations with a certified training specialist to answer clarifying assessment questions after attending training. This invaluable service aids users in understanding how they may implement the assessment in unique situations or clarify questions.

The **CogAT Instructional Resources** provide recommendations for using *CogAT* data to guide instructional decisions, personalized learning, and program placement. The Instructional Resources include:

- **Our CogAT Community** is an interactive forum where *CogAT* customers convene to exchange insights, explore best practices and engage with both *CogAT* authors and industry thought-leaders, fostering a collaborative environment for growth and learning.
- The **CogAT Strategies Toolkit** offers instructional strategies to bring the *CogAT* Ability Profile recommendations to life in the classroom. With detailed instructions and evidence-based applications, these resources will help increase teacher capacity for all students' academic growth.
- The **CogAT Insights Companion** is a resource designed for district and campus administrators, as well as teachers, to guide and support educational decisions for areas of curriculum, student groups, and other administrative requirements such as acceleration and funding.

Whether you are assessing with *CogAT*®, *Iowa Assessments*™, or *easyCBM*®, the Riverside Training Academy has resources for you.

Please contact your Assessment Consultant for training sessions tailored for your district.

Prices are valid until December 31, 2025 and are subject to change without notice.
