APPROACHES

TYPES

What am I hoping to achieve or address?
(strategic decision about which approach to use)

Learning Profiles
(improved retention, link like-minded thinkers)

Readiness Levels
(gaps in performance, individual growth)

Student Interests
(increased scaffolding, improved engagement)

Which type of differentiation should I use?

Content
(curriculum, materials, sources)

Process
(how they make meaning of the content)

Product
(artifacts to show their learning, mastery)
