Woodcock-Johnson V
Dyslexia Test Set

WJ WOODCOCK JOHNSON™

Simplify dyslexia evaluations with a robust, preselected range of tests designed to provide comprehensive insights into reading and spelling achievement as well as phonological processing.

The dyslexia test set zeros in on **key linguistic risk factors** tied to reading and spelling challenges, providing precise insights for targeted interventions.

Authored by **Dr. Nancy Mather**, this new test set aligns with current research to identify salient dyslexia risk factors, offering accurate insights for targeted support.

Support comprehensive assessments with easy-to-use **Dyslexia Checklists**, empowering parents and teachers to contribute meaningful observations.

WJ V covers all components of the definition of dyslexia in one seamless assessment.

- **Identify the primary academic characteristics of dyslexia**
  Word Reading, Decoding, Spelling, Reading Fluency

- **Assess factors predictive of poor reading and spelling**
  Phonological Awareness, Phonological Manipulation, Rapid Automatized Naming

- **Explore secondary consequences of dyslexia**
  Reading Comprehension, Written Expression, Vocabulary Knowledge

- **Establish the ability to learn in the absence of print**
  Requires additional WJ V tests

The WJ V Dyslexia Test Set Streamlines the Test Selection Process

- The dyslexia test set contains the most relevant tests in the WJ V for assessing dyslexia. It is comprised of 19 tests and 8 clusters assessing skills often included in a comprehensive dyslexia assessment.

- Evaluators can pick and choose tests that can be integrated with other sources when measuring the different components of dyslexia.

- You can supplement the dyslexia test set with additional WJ tests to get a full picture of the student's strengths and weaknesses, providing all the information you need in a single instrument.

Tests Included

Linguistic Risk Factors
- Sound Blending
- Segmentation
- Sound Deletion
- Sound Substitution
- Rapid Picture Naming
- Rapid Letter Naming
- Rapid Phoneme Naming
- Memory for Words
- Sentence Repetition

Basic Reading Skills and Reading Fluency
- Letter-Word Identification
- Word Attack
- Sentence Reading Fluency
- Word Reading Fluency

Vocabulary
- Picture Vocabulary
- Academic Vocabulary

Phonics Knowledge and Spelling
- Spelling of Sounds
- Spelling
- Word Attack

Single Tests
- Oral Reading
- Nonsense Word Repetition
