

Install the Chromebook App

DataManager Quick Reference Guide

Install the Riverside *DataManager* app on a single, domain-managed Chromebook device and remotely on individual workstations.

Before you begin, verify that you are using the latest Chromebook OS on a managed (system- or district-owned) account.

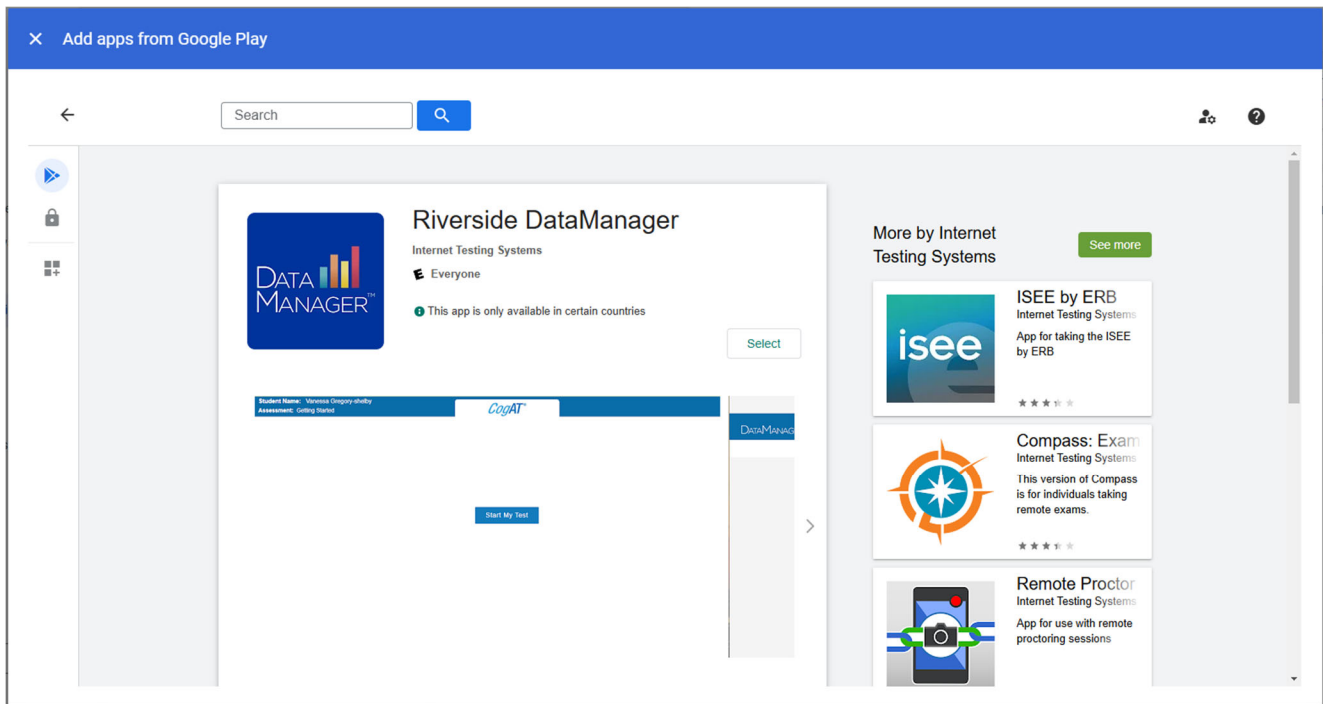

To install the *DataManager* Chromebook app:

- 1 Refer to Google's instructions for installing Chromebook Apps from the Google Play store:

<https://support.google.com/chrome/a/answer/7131624?hl=en#zippy=%2Cstep-select-apps>

- 2 Enter "Riverside DataManager" in the search field.

The following app confirmation message appears:

- 3 Click **Select**. The Riverside *DataManager* app is installed.
